Smile USA  
815, Salem Avenue,  
Elizabeth, NJ 07208

**Times:**

8:30 a.m.–5:30 p.m.

**Tuition:**

\$7,000 without patient  
\$8,500 with patient

**Available CE:**

24 Hours

**Method:**

Lecture/Participation/  
Hands-On

#### **COURSE SYNOPSIS**

This course is designed for doctors interested in a live patient program where each case is thoughtfully treatment planned with the end in mind. This three-day program offers clinicians the opportunity to place implants and follow the results until the final restorations are completed. The focus is on comprehensive care rather than implant placement for the sake of experience. The faculty is comprised of prosthodontists, oral surgeons, periodontists, and credentialed expert general practitioners whose goal is to assist clinicians in expanding the scope of their implant practice and feel competent and confident in the field of implant dentistry.

#### **AT THE CONCLUSION OF THE PROGRAM, PARTICIPANTS WILL BE TRAINED IN:**

- Cone-beam interpretation, implant planning and pre-surgical digital diagnosis
- Reflecting flaps and atraumatic extractions
- An in-depth examination of the entire treatment planning process, rationale of treatment sequence and a full immersion in the surgical placement of dental implants
- Concepts of implant biomechanics, angulations and prosthetic basis of the surgical execution
- Manipulating bone in atrophic ridges
- Performing crestal approach subantral augmentation
- Autologous growth factors and the use of graft materials, membranes and PRF
- Placement of multiple implants, considerations for implant distribution and the facilitation of ideal prosthetic outcomes

## WHO WILL BENEFIT FROM THE PROGRAM:

- Those who have taken the MaxiCourses and would like to have live implant placement experience
- Those who attended short didactic courses and wish to consider placing implants in their practice
- Those who have been to continuums that teach the theory of dental implants but do not have clinical components in the course
- Those who have been to an overseas course but have not understood the rationale of implant placement protocols
- Those who wish to do mainstream implants with minimal intervention
- Those who wish to expand the scope of their implant practice by adding immediate placements, bone grafts and multiple implants
- Restorative dentists whose patients need simple, predictable implants that they wish to perform in-house

# PRESENTERS

## Shankar Iyer, DDS — Course Director

Dr. Shankar Iyer earned his DDS from the New York University College of Dentistry, where he went on to complete postgraduate studies in prosthodontics and serve as clinical assistant professor. Dr. Iyer is president of the AAID, directs the AAID Asia MaxiCourse, and currently holds two appointments in the departments of periodontics and prosthodontics at the Rutgers School of Dental Medicine. A fellow of the AAID and diplomate of the American Board of Oral Implantology/Implant Dentistry, Dr. Iyer has been published in several peer-reviewed journals, lectures internationally, and maintains a private practice in Elizabeth, New Jersey. Contact him at [smileusa.com](mailto:smileusa.com).

## Paresh Patel, DDS — Co-Director

Dr. Paresh Patel is a graduate of the University of North Carolina at Chapel Hill School of Dentistry and the Medical College of Georgia/AAID MaxiCourse. He is a clinical instructor at the Reconstructive Dentistry Institute. Dr. Patel has placed more than 5,000 implants, has published numerous articles in leading dental journals, and has worked as a lecturer and clinical consultant on dental implants and prosthetics for various companies. He belongs to several dental organizations, including the ADA, North Carolina Dental Society and AAID. Dr. Patel maintains private practices in Lenoir and Mooresville, North Carolina. Contact him at [pareshpateldds2@gmail.com](mailto:pareshpateldds2@gmail.com) or [implantsbyparesh.com](http://implantsbyparesh.com).

## Gurinder Wadhwa, DDS — Faculty

Dr. Gurinder Wadhwa received his DDS from the Government Medical College, Amritsar in Punjab, India. He practiced as a general dentist for 10 years before continuing his training at the Albert Einstein College of Medicine at the Montefiore Medical Center, where he completed his residency in oral and maxillofacial surgery. Dr. Wadhwa has maintained a private practice specializing in oral and maxillofacial surgery since 1994, and has held teaching positions at New York University, Albany Medical Center, and St. Peter's Hospital. He has a mastership in the AGD and is a fellow of the AAID, AGD, ICOI and the American Dental Society of Anesthesiology. Contact him at [adirondackoralsurgery.com](http://adirondackoralsurgery.com).

## Joseph Leonetti, DMD — Faculty

Dr. Joseph Leonetti earned his DMD from the Tufts University School of Dental Medicine and completed his residency in oral and maxillofacial surgery at the New York University College of Dentistry at Bellevue Hospital Center, where he served as chief resident. He has been in private practice since 1983, lectures internationally, and is a fellow of the American Association of Oral and Maxillofacial Surgery, ICOI, AAID and the American Dental Society of Anesthesiology. Dr. Leonetti has held several instructor positions and currently practices at the Main Line Center for Oral & Facial Surgery in Paoli, Pennsylvania. Contact him at [mloms.com](http://mloms.com).

## Amit Vora, DDS — Faculty

Dr. Amit Vora earned his DDS from the Columbia University College of Dental Medicine and completed his general practice residency at Staten Island University Hospital, where he served as chief resident. After receiving specialty training and completing a periodontal residency at the Manhattan Veteran Affairs Medical Center, Dr. Vora was awarded board certification from the American Board of Periodontology in 2006. In addition to maintaining his private practice focused on periodontics and implantology, Dr. Vora teaches part time and is a consultant at the JFK Medical Center in Edison, New Jersey. Contact him at [edisonperio.com](http://edisonperio.com).
